## The Cottonwood School

Reimagining Community. Reshaping Education.

Free Homeschool Public Charter School

- Homeschooling Programs for TK-12

- On-Site Program for 9-12

## About Us

At The Cottonwood School we understand that parents want to take an active role in their child's education. That's why we give you control. You get to choose the curriculum, the learning approach, the extracurricular activities – all the pieces that make up your child's holistic education.

You get to choose what's best for your family, and we support you every step of the way. We pair you up with a credentialed homeschool teacher, offer hundreds of educational resources, and provide dozens of weekly activities. At The Cottonwood School, you join a community that opens you up to a new world of experiences that create a better tomorrow.

## Why Cottonwood

### INCLUSIVE COMMUNITY

Most homeschools include extracurricular activities, but at Cottonwood we do more than just support academics. We believe in the value of community in your child's educational development. Every month our supportive community comes together in many different ways to foster positive social and emotional development in addition to academic excellence. The Cottonwood School is reimagining community and reshaping education for a better tomorrow.

### INDIVIDUALIZED CURRICULUM

The Cottonwood School is dedicated to meeting the unique needs of each student in a supportive and safe environment that nurtures whole-learner development. We let parents be in control of your child's education. You can choose the best learning approach for your child and family. Plus, you work with a teacher who helps you choose the right curriculum and implement it on a daily basis.

### EXCEPTIONAL TEACHERS

All our teachers are specially trained, fully credentialed homeschool teachers, and most have homeschooled their own children. They understand firsthand what makes homeschooling such an exceptional approach to education. They work with each individual student to be sure their academic achievement is supported. At the same time, the Cottonwood team of educators offers numerous opportunities to engage with one another – virtually and in person.

## Learning Approaches

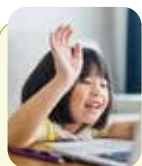

How do you know what is best for you and your student? Along with our experienced credentialed homeschool teacher, you can choose a different approach and curriculum for each subject and child. Contact us for more information>
